Hi everyone,

Turns out, this issue is already popping up in the MEWS, so here's how to advise students.

1. Be sure their site is on Commons.
2. The plugin is already active for all Commons sites.
3. Students simply need to insert their footnotes in the body of the text using brackets and numbering each one. See my sample paragraph below:

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod**[1. here a footnote]** tempor incididunt ut labore et dolore magna aliqua. Ut enim ad minim veniam, quis nostrud exercitation ullamco laboris nisi ut aliquip ex ea commodo consequat**[2. there a footnote]**. Duis aute irure dolor in reprehenderit in voluptate velit**[3. everywhere a footnote]** esse cillum dolore eu fugiat nulla pariatur. Excepteur**[4. look at this page inside the dashboard to see how I numbered them and there are no spaces between the footnote and the word?]** sint occaecat cupidatat non proident, sunt in culpa qui officia deserunt mollit anim id est laborum.

Here's what that looks like in practice on the page:

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod[1] tempor incididunt ut labore et dolore magna aliqua. Ut enim ad minim veniam, quis nostrud exercitation ullamco laboris nisi ut aliquip ex ea commodo consequat[2]. Duis aute irure dolor in reprehenderit in voluptate velit[3] esse cillum dolore eu fugiat nulla pariatur. Excepteur[4] sint occaecat cupidatat non proident, sunt in culpa qui officia deserunt mollit anim id est laborum.

Hope this helps!

———

1. here a footnote ↵
2. there a footnote ↵
3. everywhere a footnote ↵
4. look at this page inside the dashboard to see how I numbered them and there are no spaces between the footnote and the word? ↵

Hope this helps!

Thanks,

Lindsey
